### PROFILE

I am an innovative and enthusiastic Full-Stack Developer who takes pride in building bridges to solutions through software. My sense of adaptability makes me an individual who is not shy of venturing into different approaches to solving problems and learning more about my field. As a well-rounded individual who is proficient in multiple programming languages and the AWS cloud environment, I thrive in dynamic spaces where continuous learning and cross-functional collaboration drive success.

### WORK EXPERIENCE

- **Capaciti** 2025 - PRESENT  
Software Development Associate
  - Interned at Capaciti, in Port Elizabeth for a year as a Full-Stack software developer associate.
  - Built full-stack web and desktop applications using languages such as Python, Java, Javascript and markup languages like html.
  - Integrated AI and machine learning in some projects.
  - Built applications that leverage AWS services like AWS rekognition, texttract,transcribe and translate.
- **KFC (AKM Foods)** 2024
  - Worked as a customer service agent for one of Port Elizabeths busiest KFC franchises.
  - I was responsible for delivering exceptional and timeous service to clients.
  - Ensured the reaching of sales targets by upselling products .
- **Real Promotions (Vodacom)** 2024
  - Served as a sales proffessional for vodacom fibre internet solutions.
  - Used my tech background to help clients get fiber internet solutions tailored for their home and office needs.
